

SS100T

Sideslip Meter for Heavy-Duty Trucks

Form 5157T, 10/04
Supersedes 3157T, 04/99

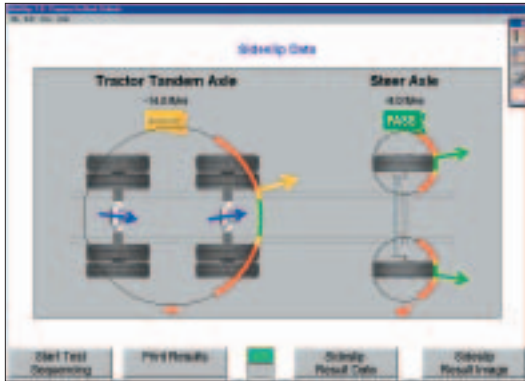

Thirty-Second Drive-Through Test Identifies Alignment and Other Service Opportunities That Are Often Overlooked

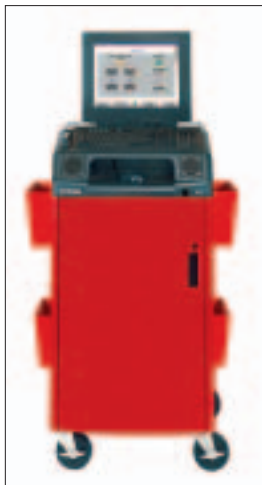

- ***Checks for excessive sideslip caused by misalignment or worn parts***
- ***Automatically checks all vehicle types and axle configurations, from passenger cars to multi-axle trucks.***
- ***Hands-free operation requires no data entry or control from the console – just drive forward as directed by the console***
- ***Color printout can be automatically generated for service records or to help explain needed service***
